

New! Invasive Plant Patrol **Early Detection Monitoring Program!**

Cut-leaved Teasel

Japanese Knotweed

Wild Parsnip

Oriental Bittersweet

How can *you* prevent buckthorn-like takeovers of new, invasive plants in Maplewood?

- ☑ ***Volunteer*** to help with this effort!
- ☑ **FREE** training provided
- ☑ Hike on and off trails
- ☑ Use GPS units; mark locations of invaders
- ☑ Report plants for removal!
- ☑ ***Your findings contributed to state and national invasive species databases!***

FREE informational program:

March 22nd, 7:00 - 8:15 pm
Maplewood Nature Center.
Call (651) 249-2170 to register.

Stop new invasive plants in their tracks!
