

RAMSEY COUNTY

# Fluorescent Light Bulbs

**Buy Them, Use Them, Recycle Them!**  
(see back for the drop-off site location and hours)

**RETHINK  
RECYCLING.**

[RethinkRecycling.com/cfl](http://RethinkRecycling.com/cfl)

**FREE fluorescent bulb recycling at Ramsey County's household hazardous waste collection sites!**

Using fluorescent light bulbs saves money on your electric bill and protects the environment by reducing energy use. Because they contain mercury, it is illegal to throw fluorescent light bulbs in the trash. They are safe to use because no mercury is released when the bulbs are in use.

## LEARN MORE

Recycle your fluorescent light bulbs for FREE at Ramsey County's household hazardous waste collection sites.
