I just received an important update from Ethan Fawley of Fresh Energy that I want to share with you before the holidays. I am so pleased Mn/DOT extended the deadline for comment on the draft of their ADA (Americans with Disabilities Act) Transition Plan. This is a very important issue and document for our community. Please take the opportunity to share your feedback and ideas.

On another note, I will be out of the office on vacation returning January 4. I hope you and your family have a wonderful holiday!

Pennsylvania DOT has recently pledged \$820 million over 10 years to re-doing curb ramps that were improperly constructed in the first place. That certainly shows the importance of doing it right the first time!

Happy Holidays!
