June 1, 2010

Project Update

Construction continues on County Road D from White Bear Avenue to Flandrau Street. Shafer Contracting has been making good progress. This update focuses on Opening of the west mall entrance (now named Dalen Road); Storm sewer installation; and Concrete paving schedule for County Road D; and what the public and business owners should expect in the next two weeks.

The Dalen Road has been closed since May 17, 2010. During this closure the contractor will be widening the driveway to accommodate a new signal system at the intersection of County Road D. The concrete curb and gutter & concrete aprons were constructed last week. The contractor will be paving and sodding disturbed areas of the drive this week as well. Once all work is completed on Dalen Road, Ramsey County will reopen the roadway to public traffic.

Shafer Contracting is working on constructing the storm sewer on the south side of County Road D. This work will continue into next week. Once this work is completed, they will focus their efforts on subcutting of the roadway and installation of the aggregate base of the road.

Concrete paving of the south side of County Road D [west of Southlawn Avenue to the east mall entrance (now named Earnest Way)] is tentatively scheduled for the week of June 14th, weather permitting. Access to County Road D to the south will be limited while this work occurs. We will provide a more detailed update on this work in the next update regarding staging, detours, and timeline.

We encourage businesses to post this update at their business to keep customers and the general public updated on the project.

Ramsey County will periodically update the general public/subscribers on the White Bear Avenue and County Road D project regarding the construction status through our website notification system. This system will send out, via-email, notifications when the website is updated to all subscribers. Please register your email address at www.co.ramsey.mn.us and click on e-Subscribe (in top left corner), register your e-mail address, choose your areas of interest (White Bear Avenue), and you connected!

Contact Information

We appreciate your cooperation with this project and do not hesitate to contact us if you have any questions about this project. You can contact Bret Wieman regarding construction related issues at 651-248-0027, Nick Fischer 651-248-2670 or Jerry Auge at 651-266-7117.
